

# The Role Partnerships can play in the current climate

# Current Climate

- Greater pressure on budgets as a result of economic situation meaning reduced resources
- Focus on delivering efficiencies but also improving outcomes for local people
- Service delivery needs to be customer focused and cut across organisations

**Is there a role for partnership  
working???????**

# YES

Test Valley  
PARTNERSHIP

Providing it can.....

- Make a real impact or difference
- Enable partners to maximise their resources
- Be focused on delivery rather than process

# turnaround

What we've  
done so far

# turnaround

## What did the community say they wanted?

- Information
- Education, including a chance to use computers
- A safe place to live
- Reduce the difference between young and old

Some of the **turnaround** projects for youngsters include the climbing wall and yoga...

374 people  
have taken  
part since  
April 2009

## We've also been helping residents to be healthier:

- Alamein health walks
- Armchair exercise
- Healthy eating projects
- Sexual health clinic
- Stop smoking clinic

**Askalot** the community information shop, is well used. And now a UK Online centre

**And there's  
£50,000 to  
make the  
hall and  
surrounding  
area better**

**619 children &  
Young People**

238 adults

**...have taken  
part in holiday  
activities**

# With EverybodyOnline ...

**268** people  
have improved  
their skills

**turnaround**

**52**

**partners have  
helped make  
all this happen**
